

“Minutes” of Unit Board online discussions month of January 2021

1. The main topic for discussion in January was whether or not Chattanooga should join the Knoxville Consortium. Input was received from many Directors. Myra Reneau is strongly opposed to this merger. Others expressed concern it would take away from Chattanooga Virtual games and income for our club. It was decided that Chattanooga would not join the Consortium. The Fairyland club members have joined with Knoxville.
2. Fletcher Bright Company expressed an interest in purchasing the Chattanooga Bridge Center. The majority of responses indicated no wish to sell.

“Minutes” of Unit Board online discussions month of February 2021

1. Face to Face play is being discussed with no clear decision on when this should happen. Caution is being recommended until such time as a decision can be made on vaccinations, ages and other factors. Further consideration will be given after a potential poll of the membership has been conducted. The month of April was suggested but many believed this to be too optimistic. No decision has been made as yet.
2. October 2021 East Ridge Sectional – John Friedl has communicated with the East Ridge Community Center regarding our plans for the Fall Sectional. As we are unable to commit at this time, they have agreed to hold the spot for us until further notice. When John is notified of a final commitment date, a Board decision will need to be made at that time.
