This will be a STAC game providing extra points as well. On Sunday, August 25, 2024, another STAC special event will be lunch consisting of vegetables, fruit, side dishes and desserts. The results of the Annual game for Life Master and Non-Life Master Champions will be recognized with some type of plaque to record their names. On Sunday, September 22, 2024 there will be a GNT Team Game Party with extra points to practice for our October tournament.
- Mary Robertson reported the final total of donations for Alzheimers The Longest Day event is \$14,429.00 – exceeding our \$12,000 goal. Congratulations to both Mary and Jan Alexander for all their efforts.

- Richard Spangler continues to seek the volunteers that will be needed to host the Sectional Tournament in October. Emails will be forthcoming soon.
- A motion was made by Jim LaFevor and seconded by Mary Robertson to include a policy regarding cell phones and watches that ring during a game. Before play begins, the Director or any Board Member will remind everyone to take a moment to ensure their devices are put on silent or vibrate mode. If it's a call that requires an answer, the player must leave the playing room to have their conversation. Failure to comply with this policy will invoke a \$2.00 donation to the snack fund. The \$2.00 is to be placed in the Donations box located on top of the bar at the kitchen. We will rely on your personal honor to do so.

- Good and Welfare: Gordon Park is recognized for his cheerful help with Saturday classes, providing drinks for our special event parties and pitching in wherever needed to help our game Directors. We appreciate you Gordon!
- John Prescott will investigate the best method of cleaning the carpet around the food area.
- The next meeting will be August 20, 2024
